The products listed in this guide are those carried by MWI and/or AAHA MARKETLink that offer either preventative or treatment & control label claims for one or more parasiticide. This list does not include products that only serve to treat existing conditions (eg dewormers) or the environment (eg foggers; sprays). All data was gathered based on labels as listed in the Compendium of Veterinary Products. Always refer to label before using product, particularly to distinguish between levels of protection and control. MWI Veterinary Supply is not responsible for typographical errors, or otherwise.
